AZIZ LIFT

The logo for AZIZLIFT is centered in the upper half of the image. It features a stylized blue 'A' with a green triangle inside, followed by the word 'AZIZLIFT' in a bold, blue, sans-serif font. A green horizontal bar is positioned below the text. The background is a high-angle view of a shipping yard with numerous stacked shipping containers in various colors (red, blue, yellow, white) and a blue truck with a white trailer in the lower left corner.

AZIZLIFT®

Our company is young under the name of Saint LIFT Elevator, using their experience and knowledge from the past , with its dynamic and experienced staff, it has a lot of space in elevator production and sales with the references of the reliable brand, the dealer maintains the role of the company. Konya ATIKER 3 INDUSTRY our business, which continues to operate, is the new we make with our suppliers thanks to our customer cooperation during the agreements, we consider your safety first. Future with our increasing experience we will continue to serve by taking safe elevator companies with us.

Technical Specification

Insulation Type	Conductive PVC/D
Outer Case	PVC / STS
Rated Voltage	300/500 V Cross 0.75 mm ² - 450/750 V
Test Voltage	1500 V for U/U 300/500 V - 2500 V for U/U 450/750 V
Coding	Number Coding
Short Circuit Temperature	160 ° C
Growth Diameter	10 x Diameter
Resistance of Insulation to Direct Current	EN 50214 / IEC 60227-7
Service Temperature	70 ° C
Harmonized Marking	IEC 502
Earth Conductor	IEC 502

MR

System

Mükemmel dayanıklı ve yüksek kaliteli binalarda tercih edilmiş sistemdir. Güçlü ve ses konforu bu sistem için yapılmıştır. Güçlü motor [varsa] dışarıdan göze taşınmazlık sunar.
